Don't Buy a Wagon Until You Have Seen the Columbus

Before you decide on any wagon, examine the Columbus. Strongly built of the best possible material the Columbus wagon gives the most satisfactory service for the longest period of years. There is no secret in the notably long life of the Columbus wagon. It is the result of the methods employed in construction. There is no wood in this wagon which has not been air-dried under shelter from one to two years.

The axles and the spokes of the wheels are hickory; the fenders, bolsters and sandboards are oak, and the bottom of the box is straight grained flawless pine. These are just a few examples of the care which is taken to make this wagon as reliable as possible. The result is that the Columbus wagon is unbeatable in reliability and endurance. Come in and examine it for yourself. We know you will be pleased.

RED BLOOD AMERICANISM IS COMING TO THE FRONT

Right now this Country is calling for men of stout hearts and sound bodies. It needs them to keep Old Glory triumphant and unsullied in the air.

The exigency now confronting us emphasizes, as nothing else could do, the importance of good health, both as an individual and national asset.

It gives point to the suggestion, often emanating from this office, that everybody should guard their health as a priceless possession. When you find yourself running down and not exactly keyed up to the fighting pitch, as is the case with everybody at times. You ought to come to Nature's relief and take a course of

HOW TO USE CORN FLOUR.

The necessity of conserving wheat flour is calling attention of housewives to other flours. The following receipts for corn flour are recommended as having been found satisfactory.

BUTTERMILK BISCUITS.
with Corn Flour.

2 heaping teaspoons Corn Flour,
1 heaping teaspoon Wheat Flour,
1 1/2 teaspoons baking powder,
1/2 teaspoonful soda,
1/2 teaspoonful salt,
1/2 teaspoonful lard.

Enough buttermilk to make soft dough.

This will make about two dozen and a half biscuits. By leaving out the soda and buttermilk and adding more baking powder, and sweet milk, you get about the same results. If you allow dough to stand thirty minutes before baking results are a great deal better.

PIE CRUST, with Corn Flour.

1 1/2 teaspoonfuls Corn Flour,
1 teaspoonful wheat flour,
1/2 teaspoonful lard, 1/2 teaspoon salt,
1/2 teaspoon Baking powder,
1/2 teaspoonful sugar.

Mix the lard well with the dry ingredients then add enough real hot water to make dough the right consistency. Enough for two large pies.

GRIDDLE CAKES, with Corn Flour.

2 cup Corn flour, 1 1/2 cups sweet milk
2 teaspoons melted butter, 1 egg,
3 teaspoons baking powder,
1/2 teaspoon Salt.

Mix and sift the dry ingredients and add the milk and beaten egg. Beat well, add the butter. Bake on a hot griddle.

Easy Thing to Decide.
Any man may know whether he is wise or foolish. If he is wise he can learn something even from a fool. If he is a fool he won't learn even from a wise man.

Sex on Plants.
The chief reason for the existence of sex in plants seems to be the need for a constant change, a rejuvenation and modification of the progeny through uniting the characters of two individuals into one, thus new forms arise.

Had Mania for Horse Hair.
Pulling hairs from the tails of horses was the charge against a man in London the other day. He was charged with having stolen four and a quarter pounds of horse hair from a livery company, and the claim was that he had deliberately pulled this out of the tails of the company's horses. Found guilty, the man was fined \$25.

Star for Every State.
It is literally true that there is a star in our flag for every state. The law of 1912 that gave the stars their present arrangement provided that the stars, if you start at the upper left-hand corner and read each of the six rows from left to right, shall correspond to each state in the order of its ratification of the Constitution.

Names That Signify Nothing.
Really, what is in a name? Irish stew is little known in Ireland; Roman candles did not originate in Rome; what is known in baseball parlance as a "Texas League" happens in as many games played outside of the Texas league as those played in it; the Irish daisy is in reality a dandelion; Netherlands don't make it a custom to pay for their own refreshments while eating and drinking with friends, and thereby make constant what is known as a "Dutch treat." And so on, for infinite examples.

FARMS WANTED
Farm of 100 to 150 acres, improved, must lay well and be productive at \$100 to \$150. per acre.

Farm of about 100 acres, well improved, must be good land in two or three miles of Lancaster, on pike. Will pay as much as \$200. per acre for the right farm.

Will buy two or three farms worth the money anywhere in this or adjoining counties.

We are now receiving inquiries for farms for sale for 1919 possession. If you have a farm you expect to dispose of this year, list now; the earlier the better. If the farm you own is too small we will sell it and find you a larger one. Auction sales solicited. For farms, city property for sale or exchange consult the
